

SERVED FOUR YEARS AT \$25 WEEK WAGES

Morton Hawkins Testifies He Acted as President of Hawkins Mortgage Co., At This Figure

WITNESS IN OWN DEFENSE

Says His Salary Was Changed to \$150 a Week in 1922—Nervous on The Stand

(By United Press.) Indianapolis, Ind., July 2—Morton Hawkins testified today for four years as president of the Hawkins Mortgage company at a salary of \$25 a week, he testified here today in his federal court trial.

Hawkins took the witness stand to defend himself against charges of fraudulent use of the mails in the operation of the Hawkins Mortgage Company and its numerous subsidiary loan societies.

The government asserted investors lost between four million and six million dollars through collapse of the Hawkins companies.

Hawkins was called to testify after a character witness from Portland, Indiana, his home town, had appeared in his behalf. Hawkins was nervous and his voice was unsteady as he answered the first question fired at him. He soon regained his composure.

"From 1918 to 1922 all of my time was devoted to the work of the Hawkins Company," Hawkins testified. He drew a salary of \$25 a week from 1918 until the fall of 1922. "Then there was a change in the organization and I received \$150 a week salary."

Thomas Merless, department of justice accountant, resumed the witness stand today in federal court as star witness for the government in the trial of Hawkins.

Grilling cross examination by defense attorneys failed to shake Merless in any details of his startling story of financial manipulation of the Hawkins company and its one hundred loan societies.

The Hawkins companies, Merless testified, lost more than \$2,000,000 from 1919 to 1923. He said an audit made by public accountants for the Hawkins company showed stock assets of \$7,242,000 which were worth only \$9,500.

Only careful manipulation of accounts prevented the Hawkins books from showing huge deficits, he declared, adding that the "book value" of all the Hawkins subsidiaries was \$770.

Merless testified that his investigation showed only four of the loan societies had a surplus during a period of five years and that the stock of many of the societies was valueless.

Throughout questioning of Merless, Judge Baltzell repeatedly urged attorneys to hasten their examination of the witness.

The state is expected to complete its testimony today or tomorrow.

DEAF AND DUMB SHOE COBBLER IS ARRESTED

John Coers of Morristown is Mailed Into Court at Greenfield For Stealing Chickens

SHOT IT WITH RIFLE, CHARGE

John Coers, a deaf and dumb shoe cobbler of Morristown, has been arrested on a warrant from Hancock county charging him with larceny, or with the specific charge of stealing one chicken.

The affidavit was filed in the circuit court at Greenfield. He was arrested at Morristown by Shelby county officers, and taken to jail at Shelbyville, and later given over to the custody of Greenfield officers.

The affidavit against Coers charges that he stole a chicken belonging to Sam Olinger, residing east of Morristown in Hancock county, near the Shelby county line. It is alleged that Coers was riding along the road and taking his rifle which he had with him, he shot the chicken that was in an orchard along the side of the road. Mr. Olinger informed the officers that after shooting the chicken, Coers climbed a fence and took the fowl.

JULY "HEAT" PREVAILS TODAY

Temperature Mounts to 95 at Noon Today on Government Thermometer

July heat prevailed today, with little relief in sight for tomorrow, according to the weather bureau today in their prediction, calling for fair and continued warm tonight and Friday.

The temperature at noon today had gone up to 95 degrees, according to Elwood Kirkwood of Maunzy, in charge of the government station. The present warm weather is expected to equal the excessive heat wave of a few weeks ago, when 98 was the highest reached. Although the official prediction calls for a continued heat wave tonight and Friday, Mr. Kirkwood stated that indications here appeared that cooler weather was in sight, because of a shift in the wind.

HOFFMAN GIVES BOND, TO BE TRIED TUESDAY

Andersonville Man is Arrested on Two Charges as Result of Automobile Accident

MAY GO TO CIRCUIT COURT

John Hoffman of Andersonville, who was arrested and jailed by state motor police here Wednesday on two charges, was released on bond in Mayor Thomas' court later in the day, after entering a plea of not guilty.

Preliminary evidence will be heard in the matter on Tuesday. He is charged with two affidavits, one for driving a machine while intoxicated and the other for failing to leave his name and address after an automobile accident.

He will be tried on the evidence Tuesday and if it is sufficient to justify further court action, Mayor Thomas will bind him over to the circuit court for trial, as the charge is of a nature that is out of the jurisdiction of the city court.

Hoffman was alleged to have been driving a machine May 29 that ran into another car on the New Salem road, and in which a young woman was badly injured. He is charged with being drunk, and left the scene of the accident and attempted to escape by claiming that someone had stolen his machine, and that he was in charge of it, when the accident happened.

CONTROVERSY ON TRIAL PRIORITY IS UNSETTLED

Morning Devoted to Hearing Arguments Regarding Who Shall be Tried First For Oberholtzer Murder

NO RULING BY THE COURT

Noblesville, Ind., July 2—With the trial of D. C. Stephenson, Earl Klenck and Earl Gentry, charged with murder of Miss Madge Oberholtzer set for trial here Monday, the question of which of the defendants actually will face the jury remains a mystery when court adjourned at noon today.

Judge Fred E. Hines of Hamilton circuit court, was to decide whether Earl Klenck, who has asked for a separate trial, will be tried ahead of his co-defendants.

Arguments on the question took up the entire morning and consideration of the case was renewed at the afternoon session.

Attorneys for the state argued that Klenck should be tried after Stephenson and Gentry, while defense attorneys insisted that the entire matter was within the discretion of the court.

It is unknown whether Judge Hines will rule today or take the question under advisement.

THAT UNBEATABLE SPIRIT

THRILLING MOVIE AUTO WRECK ATTRACTS BIG CROWD TO SCENE

With "Shooting" of This Scene of "A Day in Hollywood," People Who Saw it Get New Conception of Way Motion Pictures Are Made. "Scoop" by Newspaper Reporter Figures in Story

A crowd estimated at more than a thousand persons saw Director Charles Fety, in charge of producing the Daily Republican two reel comedy, "A Day in Hollywood" stage the automobile wreck scene on the public square this afternoon. A new Chrysler coach and an open car were used in the "crash."

And with the "shooting" of that scene, most persons who saw it have a new conception of how the movies are made. The automobile wreck is to be the climax of a day of seething activity in the home of Mr. and Mrs. Henpeck and Baby Ethel, in which the hero also comes in for a share of the chase. And to top it off the newspaper reporter arrives at the wreck in time to get the whole story and his "scoop" is the big news of the day in The Republican plant. The audience will get a closeup of the story as it appears in the newspaper, Director Fety says.

After the writing of the story, the audience will be taken through every department of the Republican's printing plant with the cameraman Director Fety takes views of each operation in the plant necessary to the publishing of a complete newspaper.

The last of the interior scenes were finished Wednesday after the evening shows on the stage of the Princess theatre in full view of the audience. Several outdoor scenes were photographed during the afternoon. One of the humorous incidents was the baby scene in front of the Wyatt Furniture store.

Director Fety assures the followers of this interesting endeavor that this picture is going to be one of the most successful he has ever made. The members of the cast are performing their parts admirably, he says. The weather has been excellent and this has been one of the main reasons for the speed with which the various scenes have been taken.

The films will be developed by Mr. Fety over the week end and titled and edited in time for a private screening Monday. The film is to be shown to the public in connection with the regular Princess theatre program, Tuesday, Wednesday and Thursday evenings.

SLIGHT EARTHQUAKE SHOCK IS RECORDED

No Damage Done by Aftermath of Disaster Occurring at Santa Barbara, Calif., This Week

MARINES ARE IN CHARGE

(By United Press.) Santa Barbara, July 2—A very slight earthquake shook the city at 10:33 this morning. No damage was done by this aftermath of the disaster which occurred earlier in the week.

There was snap and martial precision in the streets of the quake-wrecked city Barbara today. The Marines, four crack companies under Major Frank E. Eyns have landed and the situation is well in hand.

Haggard, whiskered police and volunteers who have been on duty continuously since the first violent upheaval of the earth started the city's destruction early Monday were relieved today by the smartly uniformed newcomers who marched and wheeled by squads to their posts of duty with the rhythm of the world's finest soldiery.

Pup tents pitched with military neatness on the high school football field and the tramp of marching men brought an air of order and security with the dawn and Santa Barbarans, after a night of real security with never a tremor of the earth, went with a will to the work of reconstruction.

Restaurants opened their doors this morning.

Some business houses opened impromptu headquarters in tents and shacks just outside the zone of destruction.

Food and produce was dispensed at temporary establishments in the public squares.

The green hillsides above Santa Barbara which yesterday were dotted with the tents of anxious inhabitants were deserted today. Nearly everyone returned home.

HOLDS STRIKE PROBABLE

Fairmount, W. Va., July 2—Unless coal operators are forced to comply with their wage demands, conditions are fast approaching the place when a general strike of all bituminous miners of the country, will be called to preserve our wage scale. Van Bittner, international organizer for the united mine workers of America telegraphed Secretary of Labor Davis today.

A change in policy on the part of the East Hill Cemetery association, which places a ban on Sunday funerals in the burying grounds, was announced today. The new order issued by the board of trustees, effective July 11, has a few exceptions. It is as follows:

"Until further notice the gates of East Hill Cemetery, Rushville, Indiana, will not be open for Sunday funerals. The only exceptions to this order will be for bodies shipped in from a distance, or upon the special recommendation of the funeral director, who shall obtain a special permit from the secretary. This order is to be in effect on and after July 11, 1925.

FRANCE TO SEND DEBT COMMISSION IN FALL

Ambassador at Washington Instructed to Inform U. S. Government of Proposed Negotiations

RECOGNITION OF THE DEBT

(By United Press.)

Paris, July 2—French ambassador Daeschner at Washington, has been instructed to inform the United States government that France is sending a commission to Washington in September to negotiate a settlement of France's debt to America, it was authoritatively stated today.

Foreign Secretary Briand intends to make a public announcement soon of the French government's decision to move for an immediate settlement of the debt and Ambassador Daeschner has been instructed to inform the state department that France officially recognizes her debt. Former Premier Herriot had semi-officially recognized it but this move will be a full acknowledgement, the remainder in reserve. These would have brought the conference into the broader realm of international policies and politics whereas the foreign powers' representatives desired, as they do, to keep the Shanghai situation on the basis of a local affair.

China wants extra territoriality abolished and her own sovereignty strengthened.

BALLOTING IN PROGRESS IN N. E. A. CONVENTION

Miss Mary McKimmen of Brookline, Mass., and Miss Cornelia S. Adair of Richmond, Va. in Race

THREE CITIES WANT MEET

Indianapolis, Ind., July 2—Balloting was in progress today among delegates to the National Education Association convention for association officers for the coming year.

Miss McKimmen is the "organizing" candidate and Miss Adair has the backing of the classroom faction of the association.

Seattle, Los Angeles and Philadelphia delegations were making a bid for the 1926 convention of the association.

Miss McKimmen is the "organizing" candidate and Miss Adair has the backing of the classroom faction of the association.

Votes in the balloting for officers will be counted tonight.

The resolutions committee of the association voted against direct reference to the Scopes evolution trial at Dayton, Tenn., believing that no stand should be taken on the case while it is in court.

It is expected the committee will present a resolution in its report denouncing outside interference in public school courses.

A struggle over the question of week day religious education was avoided by appointing a committee for further investigation of the problem.

Chief among the resolutions which have the full support of the committee is one for the creation of a federal department of education.

EXPECTED TO BE BIGGEST IN STATE

Boys' and Girls' Tri-Country Club Outing Being Arranged for August 17-21 Inclusive

TO USE GUARD EQUIPMENT

Approximately One Hundred From This County to Attend—Shelby and Decatur Other Counties

Indications are that the tri-county boys' and girls' club camp at Walnut Grove, in Shelby county, which will be attended by approximately one hundred Rush county boys and girls, will be the largest in Indiana this year. The site that was used for the camp last year has been selected for this year.

The camp attendance is expected to be close to, if not exceed, three hundred, fifty or more going from Decatur county and the balance from Shelby county. The date for the camp is August 17 to 21 inclusive.

Five cooks will look after the preparation of meals that will be served three times a day to the boys and girls attending the camp. Three of the cooks have been engaged and applications are being considered for the appointment of the other two that will be needed for that department of the camp operation. A chief cook will be appointed from the list and it will be his duties to prepare menus and direct the preparation and serving of the meals for the camp.

Camping equipment of the Shelby county units of the Indiana National Guard will be used again this year for the agricultural camp. This will include the field ranges and a number of the tents that belong to the military organization. Other equipment needed for the camp is being obtained by the special committee looking after this part of the arrangements. The National Guard equipment was used for the first club camp last year and it was willingly offered again this year as the camp will give an opportunity for airing the tents and keep the equipment in condition.

Last year there were one hundred fifty boys and girls enrolled in the Shelby county club camp and all were from this county. Three tribes of girls and two of boys formed the camp organization. However, the dates of the camp this year will find more boys able to take advantage of the camp as wheat threshing will be practically completed by that time and the services of the boys will not be as greatly needed on farm as last year.

Wayne Morrison of Morristown Jointly Accused With Franklin Youth of Robbing Hardware Store

SIX OTHERS UNDER SENTENCE

Wayne Morrison of Morristown was arrested Wednesday as one of the members of a gang of eight young men, charged with various robberies in Shelby and Johnson counties. The Morristown youth is charged specifically with robbing the Pickett Hardware store in Morristown November 11, 1924.

Archie Short of Franklin is accused with him on this charge. The six other boys are from Franklin and are Frank McQueen, Roy Wiley, Byron Lee, Arnold Lucas, Carl Haggard and Earl Spencer. Each of them were arraigned Wednesday before Judge Miller at Franklin and pleaded guilty to larceny charges and were given sentences at the reformatory.

The alleged gang have admitted stealing automobiles, robbing a store at Needham, and numerous thefts in Johnson county.

The Morristown youth and Short will be arranged later. These two will face trial in Shelby county because the alleged theft of the Morristown store took place in that county, and it is upon this charge that they will be tried.

With Unexpected Profit****MAY MEAN ANOTHER TAX CUT**

Washington, July 2.—The United States government—the biggest business in the world—closed its books today for the fiscal year of 1925 with surplus of about \$260,000,000.

This unexpected profit means that more than \$600,000,000 may be available for the new tax reduction scheme to be worked out by the winter conference. Only \$300,000,000 was available last year when congress slashed 35 percent off the bill.

The new figures for this fiscal year, an estimate for the one ending last June, indicated that twice that amount will be available for the new cut. If the ordinary policy of permitting all the surplus to be used for tax reduction is followed, the present bill of the tax payment would be cut down about fifty percent.

FIGHTS AND FIGHTERS

East Chicago, Ind.—"Young" Strubling of Macon, Ga., and Johnny Risko, Cleveland, will clash in a heavyweight match here tonight.

Toledo, O.—Joie O'Hara, Chicago, a candidate for Gene Tunney's crown was stopped in the second round here last night by Joe Packo, of Toledo. With O'Hara hanging on the ropes helplessly, the referee stopped the contest in the second round.

New York—Italian Joe Gans, veteran New York middleweight, won a 12 round decision from Morrie Schlaifer, Omaha. The decision was considered bad as Schlaifer did all the fighting in the early rounds and scored one knockdown.

Marion—Mrs. V. J. Alexander of Roll, near Marion, is suffering from an infected hand, as a result of being bitten by an angry cat.

East Favored to Beat West

By HENRY L. FARRELL
(United Press Sports Editor)

New York, July 2—Another of those triumphs of the east over the west, which have been much in vogue in recent years, is expected at the annual outdoor A. A. U. track and field championships which start this week in San Francisco.

The main rivalry will be between the New York Athletic Club, power of the east and the San Francisco Olympic Club, the main strength of the West. The New York A. C. sent to the coast one of the most powerful teams ever assembled in the east, but even the most hopeful of the eastern partisans had little confidence that such a powerful team as the Olympic Club could be defeated.

Eastern critics grant the San Francisco team a sure thirty points with a possibility of more and no team among the entries can hope to score that many points.

Olympic Club has been strengthened by the addition of a flock of college talent and it is almost a foregone conclusion that the east will have no more success in defeating the western club athletes than the eastern colleges had in downing the University of Southern California.

Miss Glena Collett's fine showing in the British golf championship and the success in winning the

French title of Mlle. Dela Calume, rated as the Lenglen of French golf, will undoubtedly make her the favorite for the American woman's championship as there are no American girls on present form who stand to beat her.

Although she did not succeed in winning the British championship from Miss Joyce Wethered, the American girl scored a distinct personal triumph in England, as was expected.

She became almost as popular with the British golfing public as Miss Helen Wills did last year at Wimbledon with the English tennis fans and the manner in which they conducted themselves will do much to promote cordial feeling between the two nations.

When Miss Wills was beaten several times at Wimbledon the London press, instead of boasting of her downfall of an American champion, expressed sympathy for her with the opinion that she was not laying her real game.

When Miss Collett was defeated in the British golf classic, the experts said that only the greatest of golf players, Miss Wethered, could have beaten her.

There is no question that Miss Wethered is the greatest of woman golfers.

What Comes After the "Flu"

Chiropractic Health Talk No. 216
By H. V. McCully, D. C., Ph. C.

Most of those who have survived a severe attack of the "flu," if usual methods were employed in effecting the "recovery" will testify that a train of ills very often follows in its wake. Under old-time methods almost anything can develop.

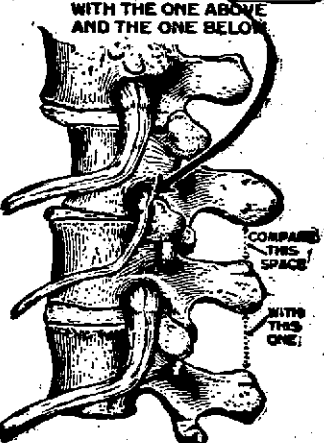

This is so because the "flu" is a condition due to decreased resistance power as a result of interference with nerves at the spinal column. Drugs employed to suppress symptoms do not correct the cause, but may drive the effects elsewhere.

The correct method of combatting the "flu" is to restore the flow of vital energy over the nerve lines to normal by removing the interference with those nerves. If Chiropractic is employed, the answer to "What comes after the 'flu,'" is "Health."

Recovers From "Flu" and Effects of Previous Attack

"I took sick with influenza on the night of April 5th. The medical doctor said I had irritation of bronchial tubes and lungs which could easily develop into pneumonia. I grew worse, and on April 9th we called a chiropractor. In less than three weeks I was able to walk about the house. Since I began taking adjustments I have taken no medicine, have felt no bad effects and my return to strength has been rapid. I consider my recovery all the more remarkable, because, according to several physicians, I have had endocarditis since suffering from influenza in 1918, and am now entirely relieved of same."—Mrs. James E. Fulton, Chiropractic Research Bureau, Statement No. 2113-M.

Hot Weather Hints

A suit, dress or any other garment is so much cooler and more comfortable when it is clean and a suit looks so much neater and more dressy when it has a good press in it.

Don't neglect these facts, for personal appearance counts much and it must not be right just in cool weather and neglected in warm weather. To dress well and look nice, means the year 'round—not just at times.

Terre Haute, Indiana. "I was weak and run-down and in such a nervous condition that I could hardly do my work. I was tired all the time and dizzy, had no appetite and could not sleep. I tried different medicines for a year but they did not help me. Then my husband saw the ad. for Lydia E. Pinkham's Vegetable Compound in the newspapers and had me take it. I regained my strength and never felt better in my life. It completely restored me to health. I had practically no suffering when my baby boy was born and he is very strong and healthy. I know that the Vegetable Compound is the best medicine a woman can take before and after childbirth for health and strength. I would be willing to answer letters from women asking about the Vegetable Compound." — Mrs. Wm. J. Lee, Route E, Box 648, Terre Haute, Indiana.

Three Years from Now

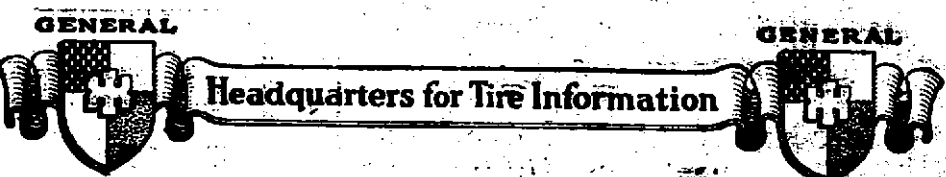

The biggest thing we can do for you besides selling you the General Cord is to show that our interest goes beyond that sale—therein lies our success. It's more important to us that your Generals give long mileage than it is to sell you another too soon. Just as the tire itself "goes a long way to make friends" we want you to know that our service does too. In helping you to equip properly, through our knowledge of tire engineering, we effect economies in tire buying that keep you as our customer.

YOU WILL BE INTERESTED IN WHAT A LADY SAID TO US RECENTLY—

She said that if 1420 was the only number she could get on her phone she would still consider it worth more than it cost. She said that our phone service saved her time by enabling her to stay at home and go to market, was invaluable in emergencies, and best of all, the groceries cost her no more, quality considered. Of course, satisfactory phone ordering depends on satisfactory service at our end of the line. We give this lady—and all of our customers good service, and real groceries too—the best we can buy in every line.
